

# CARNETS D'IMAGES

## Manabu Matsunaga

### **Manabu Matsunaga: ordinary delights**

Manabu Matsunaga is a Japanese photographer based in Paris. For over ten years, he has been travelling across Europe for the Japanese press, focusing mainly on fashion and lifestyle topics. He constantly watches around to snatch sweet and meaningful details of our everyday lives. When he is behind the camera, faces start to beam, objects turn alive and the smallest details become charming.

### **365j series**

Every day, since 2010, Manabu Matsunaga has released a fresh picture of his colourful universe for Chocolatmag webzine, under the series Chocolatpapa 365j. This project caught the attention of l'heure dite publishing, who turned the series into limited edition photographic notebooks, published every month.

### **Carnets d'Images**

The Carnets d'Images are small photographic notebooks that accompany us every day. Page after page, Manabu's pictures invite us to gaze around.

January and lonely Christmas trees on the pavement; April and feeling light again with the first cherry blossom; enjoying the sea and making a good catch in July; the Flemish charm of a memento mori in November: each month tells us a different story.

These inspirational notebooks welcome our thoughts, memories or drawings. Everyone can make it one's own.

### **One-year collection box**

The complete collection of Carnets d'Images is now available in a collection box. Each box also contains an exclusive 2014 photography fine print. They are all numbered and signed by Manabu Matsunaga.
